

Greater Lowell Technical High School

Title I Parent Liaisons

Hello! My name is Constance Velasquez. I am a parent liaison and a paraeducator for the Title I Department. For the past 29 years, I've been working with the ELL population in our school, by helping them access the contents presented in class. I'm bilingual, so please feel free to contact me in either English or in Spanish.

Hello! My name is Ricardo Colunga. I'm a part of the Greater Lowell Technical High School family. I work in the Special Education Department and also in Title I. I'm also a parent liaison and I'll be happy to work with you and your son/daughter this school year. I speak Spanish, English and Portuguese.

Connie, Charlene and I feel that high school can be a stressful time for most teenagers. Not only it is a totally different set of rules and new faces, but your teenager will work with many teachers. Not to mention that there are over 2,000 students under the same roof!

To make things as smooth as possible, we, the parent liaisons, are available for you and for your son/daughter to approach other school staff. Please feel free to contact either of us.

My name is Charlene Pires. I am a Career Development Specialist in the Guidance Department. I have had this role for the past six years. As a Career Development Specialist, I support students in developing Career Plans and in learning about post-secondary options for their future. Prior to doing Career Development I worked in the classroom as a paraprofessional and substitute teacher in both Special Ed and the English Language Education Departments. I can speak Portuguese, English, Greek and I am continuously improving my skills in Spanish. I am passionate about being a lifelong learner and about supporting student success. I believe in working together with families to ensure success for all parties concerned.
