

Come Binge A Book

Look...we get it. Sometimes, at the end of a long day, it's easier just to flop on the couch and hit the "continue watching" button. But...if you like the stories Netflix and the other 13,256 streaming services are offering up...there are some books you may like too. So this summer we're asking you to pick one. Scroll down our list until you find a show that you've already binged twice and read the book next to it. Then, when you get back here in September, be ready to tell us how it measured up. Did we get it right? Was it...maybe...just a little...better than the show? We can't wait to hear about it.
