

**Virtual Science Summer Camp**  
**Ms. Elizabeth Stewart-Miranda**

**TO JOIN SCIENCE SUMMER CAMP PLEASE EMAIL MS. MIRANDA!**

**Teacher Contact Information:**

- **Email Address:** estewart-miranda@gltech.org
- **Google Hangouts:** Contact me at anytime through Google Hang-outs
- **Google Meets:** Every Tuesday and Thursday from 3 - 4pm.

***Availability for Extra Help:*** I am available for One-on-one Google Meets by appointment.

**Course Materials:**

- A computer

**Description:**

The Virtual Science Summer Camp is a learning experience meant to provide you with additional scientific practices and skills through working on a project of your choice. The camp is designed to take about 30 hours to complete, which are divided into 15 days. However, you may work at your own pace.

To do this, we will communicate with each other via Google Meets, Google Hangouts, as well as use other apps. We will also engage in interactive slideshows, google classroom questions, etc. If you find you need any help using any technology or need help locating resources for your project, contact me and I will be happy to help you.

**Camp Timeline:**

The camp will run from Thursday, July 13th through August 14th. You will receive feedback for your submissions in a timely manner during that time. However, I will be on vacation from August 2nd to August 8th, so there may be some delay during those days.

**Grading Policy:**

This is not a class, so there is no grade, but in exchange for your work, I will give you feedback.

**Class Expectations and Protocols**

For the class to run as smoothly as possible and for everyone to have a great experience, it is expected that you agree to:

1. Be polite to each other in Google Classroom and in the Meets (if you are there at the same time) and to your instructor. This means:
  - a. Paying attention to one another and to each other's needs when collaborating
  - b. Helping each other when possible
2. Engage in all activities to the best of your abilities.

**Camp SUGGESTED Schedule**

**\*You may do this camp at your own pace, below assumes you are participating between 1 and 2 hours per camp day\***

<b>Day</b>	<b>Location in Google Classroom</b>	<b>Activity</b>
1	Welcome	Introduction to One Another and to the Camp; Start Thinking About a Project Idea
2	Data	Looking at Good Versus Bad Data; Continue to Think About a Project Idea
3	Project Work	Choose a Project; Fill out "Researching Initial Project Ideas"
4	Project Work	Share About Your Project Choice at a Google Meet for Feedback
5	Data	Looking at How to Interpret Data
6	N/A	Project Work Time; Fill Out "Road-Map" as you go or "Project Outline"
7	N/A	Project Work Time; Fill Out "Road-Map" as you go or "Project Outline"
8	N/A	Project Work Time; Fill Out "Road-Map" as you go or "Project Outline"
9	Google Meet/Project Work	Available Students Meet, Share Progress, Give Feedback
10	N/A	Project Work Time; Fill Out "Road-Map" as you go or "Project Outline"
11	N/A	Project Work Time; Fill Out "Road-Map" as you go or "Project Outline"
12	Google Meet/Project Work	Available Students Meet, Share Progress, Give Feedback
13	N/A	Project Work Time - work on product
14	N/A	Project Work Time - work on product
15	Project Submissions	Students Present Projects through Screencastify or Flipgrid
