June 10, 2021

Dear Greater Lowell Tech Families,

Today is the last day of the 2020-2021 school year and what a year it has been!! The Covid-19 pandemic presented tremendous challenges, but as a school community we were able to come together and rise above with courage, flexibility, creativity, and resilience.

It was not easy adjusting our instructional practices and support-services to the unfamiliar experiences of hybrid and remote learning and it has not been perfect, but together, we kept students safe, engaged, and learning including after-school with opportunities to participate in athletics and virtual extracurricular activities .

I am so grateful for our dedicated and hard-working staff, and the patience and support of our families and community partners. Above all, I am incredibly proud of our students who did their best to stay engaged in their learning in the face of adversity.

I hope all of our families and staff find time this summer to relax, reflect, recharge and have fun!!

We expect and are planning to start the school year on August 31, 2021 with minimal to no restrictions. As the Department of Elementary and Secondary Education provides us with more specific guidance, we will keep you updated.

Thank you again for your extraordinary partnership and support over the last year! I couldn't have done it without each and every one of you! Working together we are, and will always be, Gryphon Strong!!!

Have a great summer and please stay healthy and safe!

Sincerely,

  
Jill Davis  
Superintendent-Director
