February 27, 2022

Dear Greater Lowell Tech Families,

This message is an update to our school mask protocol, which will be lifted on Monday, February 28, 2022. Students and staff at Greater Lowell Technical High School will no longer be required to wear a mask inside the school building. As always, any member of our school community who wishes to continue to wear a mask, will be supported in that choice.

In addition, late Friday, the CDC announced that, effective February 25, 2022, it is no longer requiring that masks be worn on school buses or vans for K-12 students. As always, any student who wishes to continue to wear a mask on the school bus will be supported in that choice.

Greater Lowell Technical High School is committed to providing a healthy and safe learning environment for all members of our school community. We will continue to follow a layered approach to mitigate the spread of COVID-19.

Thank you for your continued partnership and support.

Sincerely,

Jill Davis
Superintendent-Director
